

International Symposium

Optical Analysis of Biomolecular Machines

July 13th - 16th, 2006

Max Delbrück Center for Molecular Medicine, Berlin, Germany

Within the context of the Priority Programme (SPP1128): "Optical Analysis of the Structure and Dynamics of Supramolecular Biological Complexes" of the German Research Foundation (DFG), from July 13th to July 16th 2006, an *International Symposium* on "Optical Analysis of Biomolecular Machines" will be held at the Max Delbrück Center in Berlin. The meeting is organized by M. Cristina Cardoso (Max Delbrück Center, Berlin) and Christoph Cremer (Kirchhoff Institute for Physics, University of Heidelberg).

Herewith, we would like to inform you of the possibilities to participate:

1. You can rent a booth at the conference site. The booths will be placed in the foyer of the conference center (http://www.md-communications-center.de/index.php?cl_my_id=51398&cl_set_lang=uk) where the posters and coffee breaks will take place. The costs will be 100 €/m². Registration with specification of the size for the booth and the necessary facilities till May 15th 2006 to langer@mdc-berlin.de

2. We give you the possibility to place an A5 advertisement of your products in our proceedings. The price will be €300 (black and white; printing costs for color advertisements will be charged separately), deadline is May 15th 2006

3. Do you want to advance the success of the conference with a donation? You can do this under the following conditions:

Recipient: University Heidelberg
BW-Bank Heidelberg
bank code: 672 200 20
account number: 530 27876 00
Reference: 7807250, MDC
SWIFT: BWBKDE6S672 / IBAN: DE88 6722 0020 5302 7876 00

You will get a donation receipt and a notice in the list of sponsors in the proceedings. If the donation is more than €2000 you will be a main sponsor and we will put your logo on our publications together with the official sponsor (German Research Council, DFG).

4. In addition there is the possibility to contribute to the costs of the conference dinner. For further information please contact the conference secretariat (mbach@kip.Uni-heidelberg.de)

5. In both workshops, we welcome participation of companies. The presentations will be selected from the abstracts submitted and a podium discussion will end the workshop. Alternatively, you can sponsor the participation of scientists working with your technologies by paying all or part of their participation costs.

Sincerely,

For the Organization Committee
